Good afternoon everyone,

I hope you are all having a great day. Attached to this email you will find a letter I have written to our students outlining a grant program Unitech will be administering on behalf of the federal government. We are happy to help administer funds to our students during this trying time. I am writing you today in an effort to ensure communication on this process. It is important you know what is going on. Not all of our students will qualify for funding, and if you should field any questions, feel free to advise them to reach out to your campus director. The attached letter spells the process out, but if you should have any questions, I will also advise you to reach out to your campus director. Thank you all for continuing to do great work throughout this unprecedented time.

Dear Unitech Students,

As we navigate these unprecedented times, I would like to thank you all for your strength and your capacity to adapt to this context of rapid change. The world needs resilient and highly skilled professionals like you who are ready to lead us into the future, and as you set out on this path, you can count on our full support.

We have been working non-stop since the beginning of the health emergency to protect your health while maintaining academic activity. As part of this process, we have been able to move rather seamlessly to online classes thanks to the hard work by our faculty and staff. After a month and a half of a state wide “stay at home” order, there are many difficulties (many financial) that can offer challenges for all of us.

With that being said, Unitech qualified as an institution able to distribute grant funds to our students in order help ease some of the financial burden brought on by covid-19. These funds come as part of the Higher Education Emergency Relief Fund (HEERF). As much as we would like to offer these grants to all students, there are certain criteria that must be met in order to apply for these funds. The criteria are as follows:

- Students must be a recipient of a pell grant or have qualified for a pell grant
- Qualifying students must have been an active Unitech student on or before 3/30/2020
- Students who entered a leave of absence prior to 3/17/2020 will not qualify
- Only current Unitech students qualify (graduates and students who dropped out of school do not)
- Students may only apply once

Students meeting these qualifications will be emailed an electronic application by the end of the business day on Wednesday, May 6, 2020. If you receive an application, please fill out your information and submit it as soon as possible so that your campus director can review your information. Once approved, you will receive an email with how much you have qualified for stemming from the information provided. Unitech will make every effort to have your checks mailed to you within 14 days.

It is our hope that we can return to our traditional classroom operation as soon as possible. Until then, we will continue to work with all stakeholders to ensure a good and quality educational process. We are all inspired by the hard work you are putting in and appreciate your drive to graduate despite any and all adversity. If you should have any questions about the process outlined above, please do not hesitate to contact your campus director. This is new for all of us, but together we can achieve our ultimate goals.

Thank you,

Noah Brandon
